

MONDAY, MARCH 28, 1966.

About 65 were on hand to hear Dick Guy, VE3TT, give a very interesting talk on "TRAFFIC HANDLING." Dick was introduced and thanked by Bill VE3HR. Due

to the fact that Dick had agreed to speak at another Club we had the privilege of the main talk beginning at 8 p.m. Dick covered his subject in considerable detail and discussed writing out messages and the convenience of using printed message forms. For those interested in tuning in on C.W. Traffic Nets, the following info is included here: Grey-Bruce Net, Daily except Sunday, 2330 GMT, 3645 Kcs., about 12-15 WPM; Ontario-Quebec Net, Daily 0000 GMT, 3535 Kcs. about 15-18 WPM; Eastern Canada Net, Daily, 0045 GMT, 3540 Kcs. about 20-25 WPM; Eastern Area Net, Daily, 0130 GMT, 3670 Kcs., about 25 WPM.

Laurentian Phone Net, Daily Except Sunday, 3755 Kcs., 2345 GMT; and the Ontario Fone Net, Daily Except Sunday, 3770 Kcs. 0000 GMT, and the 2 Meter Net, every Wednesday night. If you wish further information on Nets, write A.R.R.L. Headquarters for Bulletin CD #50, which lists all Nets; CD #24, listing the ARRL National Traffic System.

Following the coffee break the meeting carried on as usual with the minutes etc. Steve Cody VE3BBC is Club Co-ordinator of the VE3WE Display at the C.N.E. this year, August 19 to Sept. 5th. A 7 week course on theory only is being organized by Sid Jefferies VE3CUJ, for those members seeking their advanced ticket. It was reported that S.A.R.C. Emergency Corps is composed of VE3EIJ, VE3DTV, VE3BBC, VE3GAB and VE3CWR.

The "Chalk Talker" for the evening was Jack Parsons, VE3GAT, who gave a rather informative talk on securing and using surplus type meters for various jobs around the shack, and monitoring circuits in one's equipment. Norm VE3BXM, reported that Roy Schoonover VE3EYN is temporarily located on Baffin Island and is operating with a VE8 call.

MONDAY, APRIL 11, 1966.

Spring must be coming, as only about 45 Members including three Visitors, Torben Frost, Brian Eaton and Ron Fitz VE3FBB, were on hand. Sid Jef-

feries VE3CUJ reported progress was being made with the 'Advanced Class.' The Sunday morning TWO Meter Net is apparently coming back to life -- six members called in on Sunday, April 10th. It was reported that the Banquet was a "sell-out" and everyone had a real enjoyable time -- complete details elsewhere, just a word of congratulations to our Social Convenor Clive Sutherland, and his many assistants for a reall fine do. Nice going Clive!

Chalk Talker for the evening was -- guess who? -- Bill VE3HR, can't say much about Bill for we all know him so well, and anyway where would the Club be without Bill? Bill gave a very good 'down to earth' talk to the newly licensed Members, on getting started properly in operating their stations! Congratulations to the following who stuck it out with Sid VE3CUJ and Cyril VE3FRZ and Norm VE3FRO, and came out on top with their license: Elsie Schipper VE3CBS; Dan Schipper VE3CIQ; Ross Dunn VE3DWU; Lloyd Kubis VE3ERQ; Ron Krueger VE3DLC and Don Brunt VE3CYZ, -- Nice going! Congrats to Ian Campbell, John Gregory and Harvey Wheaton who also passed the test but have not received their call letters yet!

Steve VE3BBC is anxious to gather up pictures and circuits of old spark gap rigs, in order to assemble an antique model for the C.N.E. Display this year -- Can YOU help him out? The lucky "FD" draw winners were Ross VE3DWU and Visitor Ron VE3FBB!

The feature speaker of the evening was none other than our own Tommy May VE3BYU, who gave a very interesting talk on "Inviron-mental Testing" of electronic gear, with examples from his personal experiences. Very interesting Tommy!

A CARD OF THANKS

John & Gerry McCorriston wish to thank the Members of the Scarborough Amateur Radio Club for their kind expression of sympathy and beautiful flowers sent at the time Gerry's mother (Mrs. P. Snyder) passed away recently.

SHUT-IN'S DAY, SUNDAY, JUNE 5, 1966.

This will be the 26th Anniversary of "The Shut-In's Day Association,"

which was originated through the efforts of one Amateur Radio enthusiast -- Ernie Barker, VE3AWI, of Goderich, Ont.

Remember Your Shut-In Friends or Neighbours this coming June 5th, and every day. For those too distant to visit a thoughtful card will do much to brighten their day!

"You cannot sprinkle the perfume of happiness upon others without spilling a few drops upon yourself."
